

FOR THOSE WHO DARE

Here is your home.

Working Student DevOps (m/f/d)

Allianz is the home for those who dare – a supportive place where you can take the initiative to grow and to actively strengthen our global leadership position. By truly caring about people – both its 85 million private and corporate customers and more than 142,000 employees – Allianz fosters a culture where its employees are empowered to collaborate, perform, embrace trends and challenge the industry. Our main ambition is to be our customers' trusted partner, instilling them with the confidence to grow. If you dare join us at Allianz Group.

Allianz Global Corporate & Specialty (AGCS) is the Allianz Group's dedicated carrier for corporate and specialty insurance business. AGCS provides insurance and risk consultancy across the whole spectrum of specialty, alternative risk transfer and corporate business: Marine, Aviation (incl. Space), Energy, Engineering, Entertainment, Financial Lines (incl. D&O), Liability, Mid-Corporate and Property insurance (incl. International Insurance Programs).

Job Purpose/Role

We are looking for a working student to join our IT department "Business Application Development and Management" at Allianz Global Corporate & Specialty in Munich from July/August 2019 for a duration of 6 months.

Your main tasks will be to support us in establishing DevOps in the Enterprise Information Management Area. As part of an agile team in a global project, you will have the opportunity to experience the full range of activities from concept to maintenance, mainly focused on the automation tooling. Depending on the project priority and your own interest, you might also participate in development tasks.

Key Requirements/Skills/Experience

Your main tasks and responsibilities will include:

- Tool installation and configuration, tool upgrade: Jenkins, Nexus, Git, Bitbucket, Tosca, Hana, Sonarqube, Checkmarx,
- Participation in the configuration of Collibra for meta-data management for all layers (Oracle, SAP HANA XSA)
- Writing test sql queries for Tosca
- Maintenance activities in tools or programs
- Development of small programs: plug-in, data integration interfaces
- Documentation: technical documentation, Wiki, operation and users manual

Key Responsibilities

- You are currently enrolled in a university studying Information Technology (or related discipline) as
- Bachelor or Master
- You have knowledge and skills in the following elements:
 - SQL, Java, Python
 - CI/CD tool suite (jenkins, Git, Bitbucket)
 - Node.js, java script
 - Office, Visio
- You have an agile mindset
- Ideally you have a first experience of working or living in an international environment
- You are fluent in English (verbal and written) is mandatory, any other additional language is a plus.

Additional Information

Start: July/August 2019, duration 6 months

Working time: 20 hours/week

Enrolment at university is a requirement for duration of the employment.

In order to consider your application in detail, we require your CV, cover letter and enrolment certificate. Please upload them when applying to the position.

Reference Code: AGCS-3755/2019-E

In order to consider your application in detail, we require the CV, Cover Letter and Enrolment Certificate from you. Please be so kind to upload them when applying to the role.

Allianz is an equal opportunity employer. Everybody is welcome, regardless of other characteristics such as gender, age, origin, nationality, race or ethnicity, religion, disability, or sexual orientation.

AGCS promotes an individual work-life balance for example the possibility of working part-time. Provided that the job with its respective basic conditions is suitable for this, all positions advertised on a full-time basis can also be filled on a part-time basis.

Please submit your application (including CV, cover letter and certificates/reference letters) to our e-Recruiting portal: www.agcs.allianz.com/careers
