

## **CORONA-Fachsemester**

**The summer semester 2020, the winter semester 2020/21 and the summer semester 2021 do not count as regular „Fachsemester“ with respect to the regular dates and deadlines set out in the examination and study regulations (PStO). The counting of the „Fachsemester“ will continue in the summer semester 2020, the winter semester 2020/21, the summer semester 2021 and beyond. However, for all students who were enrolled in the summer semester 2020, the winter semester 2020/21 and/or the summer semester 2021 and who were not on leave of absence, the semesters counted under examination law („Prüfungsfachsemester“ or „PFS“) are one, two or three semesters respectively less than the number of semesters stated in the certificate of enrolment. For students who have reached their maximum examination period in the summer semester 2020, the winter semester 2020/21 or the summer semester 2021 the legal consequence of the first-time or final failure will therefore only occur one, two or three semesters later. The regulation does not apply to the state examinations and the relevant deadlines.**
